

Recording Certification and Clearance

As in previous years, Youth Dance Festival is being filmed on digital video, live streamed and digitally photographed. This provides a record of the students' achievements and creates a digital download as well as photographs for sale to parents and schools.

Photographs and footage from Dance Fest will be used for marketing purposes, reporting, general promotion of dance in the ACT, and on our Facebook page and website. Photographs will not be sold, or used for any other purpose, and students will not be individually identified at any time.

In accordance to the Canberra Theatre Centre's policy, filming and photography is prohibited during Youth Dance Festival performances. Teachers may film their own school only during dress rehearsal for assessment purposes. For further information visit the Canberra Theatre Centre's website on Theatre Etiquette <https://canberratheatrecentre.com.au/your-visit/theatre-etiquette/>.

To enable the production to proceed freely, it is necessary for all performers, or their legal guardians, to give permission for them to be photographed and filmed. Please ensure that the Recording Permission Form is copied and handed out to students.

Once you have received all clearances please sign this form and send it back to ydf.act@ausdance.org.au, due by **Friday 15th September 2023**. You should retain all the signed clearance forms from the students; these are NOT required to be sent to the Ausdance ACT Office.

Of course, there may be some genuine issues for some students - please contact Ausdance ACT if there are any concerns.

Teacher name (please print)	
School name	
I have received all permission forms for filming and photographing the performers in my schools piece.
